I. Overview & Objective

RealPage is committed to providing a safe and productive work environment. Alcohol and drug abuse pose a threat to the health and safety of employees and to the security of our equipment and facilities. For these reasons, RealPage is committed to the elimination of drug and/or alcohol use and abuse in the workplace.

The presence of any detectable amount of dangerous drugs or alcohol in the employee's system while at work, while on the premises of RealPage, or while on official business. “Dangerous Drugs” include those listed in the Schedules annexed to the 1961 Single Convention on Narcotic Drugs, as amended by the 1972 Protocol, and in the Schedules annexed to the 1971 Single Convention on Psychotropic Substances as enumerated in the attached annex of R.A. 9165.

II. Scope

This process applies to all RealPage Philippines employees.

III. Responsibilities

1. Employer's Responsibility

RealPage prohibits the use, possession, distribution, solicitation for, or sale of dangerous drugs and alcohol on company premises or while performing an assignment.

2. Employee's Responsibility

All employees are expected to properly represent the company at all times, even when alcohol may be present during business events or activities. All employees are not allowed to use, be in possession of, distribute, solicit for, or sell dangerous drugs and alcohol on company premises or while performing an assignment.

3. Assessment Team

The Assessment Team is comprised of the OSH-certified committee, including designated OSH Officers, Senior HRBP and/or HRBPs, who will address all aspects of drug abuse prevention, treatment, and rehabilitation.

IV. Definition of Terms

V. Process Details

1. Mandatory Substance Test

To ensure that only those qualified shall be screened and recruited to prevent the detrimental effects which drug and alcohol use and abuse may cause in the workplace, the conduct of mandatory drug test shall be required for pre-employment.

RealPage shall designate a duly accredited drug testing center by the Department of Health (DOH) as its authorized drug testing laboratory.

RealPage may also conduct drug and alcohol testing under any of the following circumstances:

a. Random Testing

Employees may be selected at random for drug testing at any interval determined by RealPage.

The company has the prerogative to determine the sample size for its random drug testing yearly, unless there is a mandate coming from pertinent government offices on the sample size.

b. For-Cause Testing

i. RealPage may ask an employee to submit to a drug or alcohol test at any time it feels that the employee may be under the influence of drugs or alcohol, including, but not limited to, the following circumstances: evidence of drugs on or about the employee's person or in the employee's vicinity, unusual conduct on the employee's part that suggests impairment or influence of drugs or alcohol, negative performance patterns, or excessive and unexplained absenteeism or tardiness.

ii. All drug and alcohol tests shall employ, among others, two (2) testing methods, the screening test which will determine the positive result as well as the type of the drug used and the confirmatory test which will confirm a positive screening test. Where the confirmatory test turns positive, the Assessment Team shall evaluate the results and determine the level of care and administrative interventions that can be extended to the concerned employee.

iii. RealPage shall inform the employee who was subjected to a drug or alcohol test of the test results, whether positive or negative.

iv. A drug test shall be valid for one (1) year. All costs of drug and alcohol testing shall be borne by RealPage.

2. Disciplinary Action

The employee shall not be terminated from employment based solely on having tested positive for drug or alcohol use but shall be suspended from work at such number of days as may be warranted. The employee found to have tested positive for drug is required to take specified treatment and rehabilitation measures.

However, an employee may be terminated from employment if he refuses to give his consent to the mandatory drug test, has rejected or failed to complete the required rehabilitation, has tested positive for drug or alcohol use for the second time, or has been caught in possession of, buying, selling, or distributing drugs in violation of this Policy.

3. Treatment, Rehabilitation, and Referral

a. An employee who, for the first time, is found positive of drug use, may be referred for treatment and/or rehabilitation in a DOH-accredited center.

b. Following rehabilitation, the Assessment Team, in consultation with the head of the rehabilitation center, shall evaluate the status of the drug-dependent employee and recommend the resumption of the employee's job if he poses no serious danger to his co-employees and/or the workplace.

c. All costs for the treatment and rehabilitation of the drug-dependent employee shall be charged to his account. The period during which the employee is under treatment or rehabilitation shall be considered as leave of absence.

VI. Guidelines
