Description	Defines eligibility, accrual, usage, carry-over, conversion, and administration of Paid Time Off (PTO) for employees of RealPage Philippines Inc.
Reason for Change	Updated to align with the Global HR Document Management Policy and revised PTO accrual and carry-over provisions.

I. Policy Statement, Purpose, and Scope

RealPage Philippines Inc. (“Company”) provides Paid Time Off (PTO) to support employee well-being, work-life balance, and business continuity. PTO allows eligible employees to take paid leave for vacation, illness, personal matters, and qualifying dependent care while maintaining consistent business operations.

The purpose of this Policy is to establish the eligibility requirements, accrual methodology, usage guidelines, carry-over provisions, cash conversion rules, and administrative responsibilities governing Paid Time Off.

This Policy applies to all eligible employees.

II. Eligibility

Employees begin accruing Paid Time Off on their date of hire.

Employees become eligible to use accrued PTO beginning on their third (3rd) month of employment.

Employees on an unpaid leave of absence for fifteen (15) consecutive calendar days do not accrue PTO during the unpaid leave period, except during maternity leave.

III. Responsibilities

Employee Responsibilities

Employees are responsible for:

- Submitting PTO requests through the Company’s official timekeeping system.
- Obtaining manager approval before taking planned leave.
- Submitting requests ideally at least fourteen (14) calendar days before the intended PTO date, whenever reasonably possible.
- Providing supporting documentation when required under this Policy.

Manager Responsibilities

Managers are responsible for:

- Reviewing PTO requests promptly.
- Approving or declining requests based on operational requirements and this Policy.
- Ensuring leave requests are reviewed and approved in a timely manner within the official timekeeping system.

Payroll Responsibilities

Payroll is responsible for processing payment of approved PTO that has been properly submitted and approved through the official Company timekeeping system in accordance with established payroll processing schedules.

IV. Guidelines

A. PTO Accrual

Paid Time Off is accrued and credited on a semi-monthly basis according to the employee's completed years of service.

Years of Service	Semi-monthly Accrual	Annual Accrual
Less than 5 years	0.835 days	20 days
5 years and above	1.25 days	30 days

Accrual Posting: Middle and end of each month.

B. PTO Usage

Paid Time Off may be used in increments of one-half (0.5) day or one (1) full day and may be taken at the employee's discretion, subject to this Policy.

C. Medical Documentation

A Medical Certificate or Physician's Statement is required when:

- An employee is absent due to illness for two (2) or more consecutive workdays; or
- An employee is absent because of a contagious illness.

The Company reserves the right to request additional medical documentation when appropriate.

D. PTO Loan

Employees who have insufficient accrued PTO due to illness may receive up to two (2) PTO loan days through October of each calendar year.

Borrowed PTO will automatically be deducted from future PTO accruals until fully repaid.

V. PTO Carry-Over and Cash Conversion

A. Carry-Over

At the end of each calendar year, Payroll will calculate each employee's unused PTO balance.

Employees may carry forward unused PTO into the following calendar year subject to the limits below.

Years of Service	Maximum Carry-Over
------------------	--------------------

Less than 5 years	5 days
-------------------	--------

5 years and above	10 days
-------------------	---------

Carried-over PTO must be used no later than June 30 of the following calendar year.

Unused carried-over PTO remaining after June 30 will be forfeited.

B. Cash Conversion

Unused PTO exceeding the allowable carry-over limit will be converted to cash subject to the following limits.

Years of Service	Maximum Cash Conversion
------------------	-------------------------

Less than 5 years	10 days
-------------------	---------

5 years and above	15 days
-------------------	---------

Cash conversion is subject to applicable tax withholdings.

Unused PTO that is not converted to cash or carried over in accordance with this Policy will be forfeited. Any carried-over PTO must be used by June 30 of the following year; otherwise, it will be forfeited.

C. Separation from Employment

Upon separation from employment, earned and unused PTO will be paid in accordance with applicable law and Company policy as part of the employee's final pay, subject to applicable payroll deductions and statutory requirements.

Document Revision History

Version	Date	Prepared By	Approved By	Revision Summary
