Management: Talent Factors Navigation

Manager

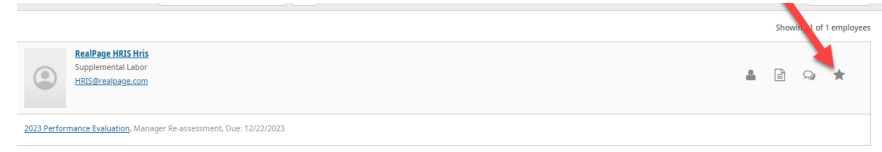

Talent Factors is a tool used for Talent Management. It enables leaders to measure performance, potential, criticality of the individual, retention concerns, and strength and development opportunities.

NAVIGATE TO THE TALENT DASHBOARD

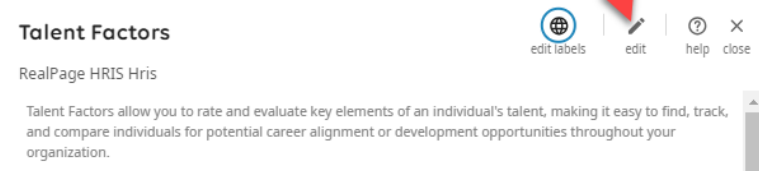

1. From the **My Team** tab, select **Talent Dashboard** under **Talent Management**.

2. The Talent Dashboard displays your team. Click on the **Star Icon** in the right-hand corner of the employee preview box to access Talent Factors for this employee.

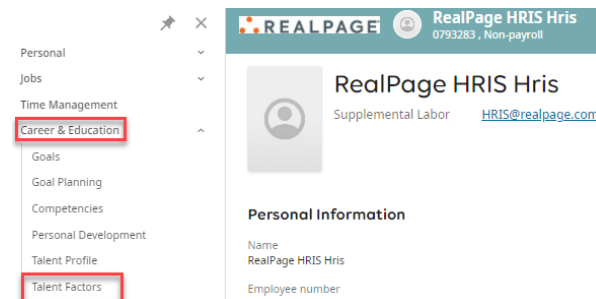

3. Click **Edit** to make changes to Talent Factors.

4. Once you have completed the required fields, click **Save**.

5. You can also access Talent Factors directly from the employee's profile under **Career & Education > Talent Factors**.

6. From the Talent Dashboard, you can select employees to

For RealPage Internal Use Only

Compare. Check the box next to the employees that you want to compare. Click **Compare**.

7. The compare box displays Talent Factors along with additional information about the employee.
