

Offboarding Process in People Assist

This document outlines the standard offboarding process in UKG (People Assist) for voluntary and involuntary separation following manager approval. It defines the responsibilities of HR Shared Services (HRSC) in processing employee terminations, initiating the digital clearance process, and coordinating workflow activities through completion of the offboarding process.

1. Resignation Ticket Initiation

- Employee submits a resignation request via HR Help – for voluntary
- HRBP submits termination request via HR Help – for involuntary
- Ticket will be received by HRSC once manager approved the ticket – for voluntary
- For involuntary, the ticket will not be routed to the manager for approval. Instead, the HRBP will complete the “Manager Only” section.

Access UKG Pro > People Assist > Request Manager > All Requests > Employee Resignation Form/Involuntary Separation Form

Status	Subject	Assigned users	Employee	Creation date	Priority	Request ID
	Employee Resignation Form (PHI)	6	Jeffrey DAYAWON	15 hours ago	Normal	#792
	Employee Resignation Form (PHI)	6	Ralph Kevin AQUINO	1 day ago	Normal	#790

2. Ticket Facilitation – Once you have confirmed that the ticket is under your bucket, please click **Manage Request** so that ownership of the ticket will be assigned to you.

Once the information in the “**Manager Only**” section has been completed, process the employee termination in UKG. Return to the ticket and update the request status to “Support Request Closed”. Then change the status from Closed to “Archived” to ensure all submitted documents are saved in the employee’s folder within Document Manager.

- Add the following comment in the ticket before closing the ticket:

“This has been facilitated in UKG. Offboarding instructions will be sent to your email address shortly.

We will now proceed with closing this ticket.

Should you have any additional or follow-up questions, please feel free to reopen this ticket or submit a new one, and we will be happy to assist you.”

Note: For involuntary cases, the ticket will not be routed to the manager for approval. Instead, the HRBP will complete the “Manager Only” section.

For voluntary cases, the ticket will be routed to the manager for approval. In cases where the “Manager only” field contains missing or incomplete information, advise the Manager to update and complete the required details before proceeding.

MANAGER ONLY

Please coordinate with your HR Business Partner to discuss the separation details before completing and approving this request.

Employee Termination in UKG

Process Owner: HR Shared Services

System: UKG Pro

Trigger: Approved resignation request with manager-provided details

- Access Employee Profile
 - Log in to UKG Pro
 - Search for and open the employees' UKG Profile
- Navigate to Termination Section
 - Go to Personal
 - Select Termination Info
- Click Terminate Employee

- Enter Termination Details
- Complete the required fields based on the manager's information provided in the ticket:
 - ✓ Last Working Date
 - ✓ Termination Date
 - ✓ Termination Reason
 - ✓ Regrettable / Non-Regrettable (as confirmed by the manager)
- Review and Submit
 - Review all entered details for accuracy
 - Submit the termination in UKG

Important Note:

Employee terminations must be processed in UKG immediately upon receipt of an approved resignation request. Delays should be avoided to maintain compliance and data accuracy.

A late termination occurs when the resignation is entered after the effective termination date and may result in compliance exceptions or audit findings.

The Termination Date should not be the same as the Last Working Date. The Termination Date must be the day immediately following the employee's Last Working Date. For example, if the Last Working Date is June 15, the Termination Date should be June 16.

Notes

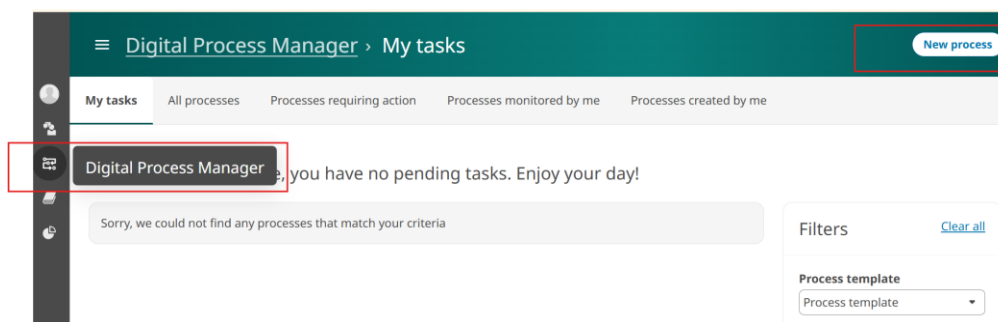

3. Digital Clearance Process Setup

Prerequisite:

- Employee resignation form ticket is closed and Termination has been lodged in UKG

HRSC Actions:

- Navigate to:
UKG > My Team > People Assist > Digital Process Manager > Select New Process
- Complete the process details:
 - **Process Template:** PH Employee Offboarding
 - **Process Name:** Add at the beginning the Employee's name
 - **Limit to Employees Within Scope:** Talent Services
 - Employee Name
 - **Due Date:** 30days from Separation Date
- Click Create Process
- Click Publish

Employee *

Select the employee linked to this process

Is this process for a new employee, not yet in the directory?
[Create a new hire](#)

Due date

Create process **Cancel**

4. Publish Digital Clearance

HRSC Actions:

- Publish the clearance process to initiate departmental signoffs
- Ensure the Publication Date matches the clearance initiation date
- Click Publish now

Departments Involved:

- IT
- Payroll
- Finance
- Operations

≡ [Digital Process Manager](#) > Test_PH Employee Offboarding

Publish **Edit** **Delete process**

≡ [Digital Process Manager](#) > TEST ONLY

ⓘ Please select which date you would like the process to be published on.

Please note that HR users monitoring this process will be able to access it as soon as it has been scheduled. Task assignees, however, will only be notified on the publication date.

Fields marked * are required.

Publish process now **Cancel**

5. Task Completion & Workflow Progression

HRSC Actions:

- Complete assigned HRSC tasks in sequence
- First required task:
Enter Termination in UKG
- Mark the task as Complete once finished

System Behavior:

- Upon completion, remaining tasks automatically route to the next assigned users (e.g., IT, Payroll, Finance, Ops)

Task	Assigned to/Completed by	Status	Due date	Actions
Enter Termination In UKG	2 users	Available	-	Complete
Demand Letter	1 user	Available	-	
Send Offboarding Instructions Depends on Enter Termination In UKG	Tricia Marie SANTOS Employee	Blocked	-	
Send Benefit providers term notice Depends on Send Offboarding Instructions	3 users	Blocked	-	

Retraction process:

Confirm Approval

- Confirm with the employee's manager that the resignation retraction has been approved.
- Copy the assigned HR Business Partner in the email communication for visibility.

Cancel Termination in UKG

- Submit a request to the HRIS team to cancel the employee's termination transaction in UKG.

Cancel Digital Manager Clearance

- Cancel the employee's clearance process in Digital Manager to prevent further offboarding activities.

Update Salary Holding Tracker

- Remove the employee's name from the Salary Holding Tracker to ensure they are no longer included in salary hold monitoring

Clearance Step:

1. **UKG Termination Lodged**
Mark this task as **Complete** to confirm that HRSC has successfully processed and lodged the employee's termination in UKG.
2. **Review and Acknowledge PHI Offboarding Instructions**
The employee review and acknowledge receipt of the PHI Offboarding Instructions sent to their work email address. **If the separation is involuntary**, offboarding instructions should be sent to the employee manually, as they will no longer have access to their work email address to receive automated communications.
3. **Departmental Sign-Offs** *(to be completed within 7 days from the employee's separation date)*
 - **IT Offboarding Sign-Off** – Completed by the IT team once the employee has returned all company-issued equipment within the required 7day return period.
 - **Finance Offboarding Sign-Off** – Completed by the Finance team upon verification of all applicable financial clearances.
 - **Manager Offboarding Sign-Off** – Completed by the employee's manager. If the manager's sign-off has not been provided within 7 days from separation, the clearance process may still be endorsed to Payroll for final pay computation, provided that both IT and Finance sign-offs have been completed.
4. **For Final Pay Computation**
HRSC will endorse the clearance to Payroll for final pay computation once the required departmental sign-offs have been completed. IT and Finance sign-offs are mandatory. If only the Manager Offboarding Sign-Off remains pending, the clearance may still proceed to Payroll, as the manager sign-off is considered optional for final pay processing.
5. **First Final Pay Status Update**
HRSC must notify the separated employee that their final pay has been endorsed to Payroll for processing, provided that the IT team has confirmed through their notes that all company assets have been returned. Mark this task as **Complete** once the notification has been sent.
6. **Second Final Pay Status Update**
HRSC must provide a follow-up update to the employee on the 10th day after the first final pay status update has been sent, provided that Payroll has not yet sent the final pay computation. Mark this task as **Complete** once the notification has been sent.
7. **Final Pay Computation Finalized – Employee Notified**
The Payroll team is responsible for notifying the employee once the final pay computation has been completed.
8. **Final Pay Disbursed**
The Finance team must complete this task once the employee's final pay has been successfully disbursed to their designated bank account.

Additional Steps for Unreturned Company Assets

The following steps apply only when the employee has not returned company-issued equipment within the prescribed return period:

1. **Reminder to Return Equipment**
HRSC must send a reminder to the employee regarding any outstanding company assets. This task

should be initiated when the IT team indicates that the employee has not returned the required equipment.

2. **Send Demand Letter**

HRSC must issue a formal demand letter to the employee on the 3rd day following the reminder to return equipment if the assets remain unreturned. The demand letter should be sent to Ms. Ivy for signature. Once signed, the copy should be forwarded to REWS.

3. **IT – Employee Returned Equipment**

This task is completed by the IT team once the employee returns the company-issued equipment after the initial 7day return period has elapsed.

Clearance Steps and Ownership

Talent Services	Payroll	IT	Finance	Operations	Employee
UKG Termination Lodged	Final Pay Computation Finalized - Employee Notified	IT Offboarding Sign-off	Finance Offboarding Sign-off	Manager Offboarding Sign-off	Review and Acknowledge PHI Offboarding Instructions
1st Final Pay Status Update		IT - Employee Returned Equipment	Final Pay Disbursed		
2nd Final Pay Status Update					
For Final Pay Computation					
Reminder to Return Equipment					
Send Demand Letter					

Salary Holding

Please ensure that the salary of separating employees is placed on hold in the next applicable payroll cutoff.

Note: An employee must still be active in the system during the payout period in order to receive their last salary.

Examples:

1. If the termination date is July 1 and the last working date is on June 30, the salary should be placed on hold for the July 15 payout, since the employee is still active on the June 30 payout.
2. If the termination date is May 30 and the last working day is May 29, the salary should be placed on hold for the June 15 payout. The May 30 payout falls on a Saturday and payout will be adjusted

to May 29, Friday (last working day), when the employee is still active and eligible to receive their last salary.

3. If the termination date is June 15 (Monday) and the last working day is June 13 (Saturday), the final salary should be placed on hold for the June 30 payout, since payroll is not processed on Monday and the payout will be adjusted to June 12, when the employee is still active.

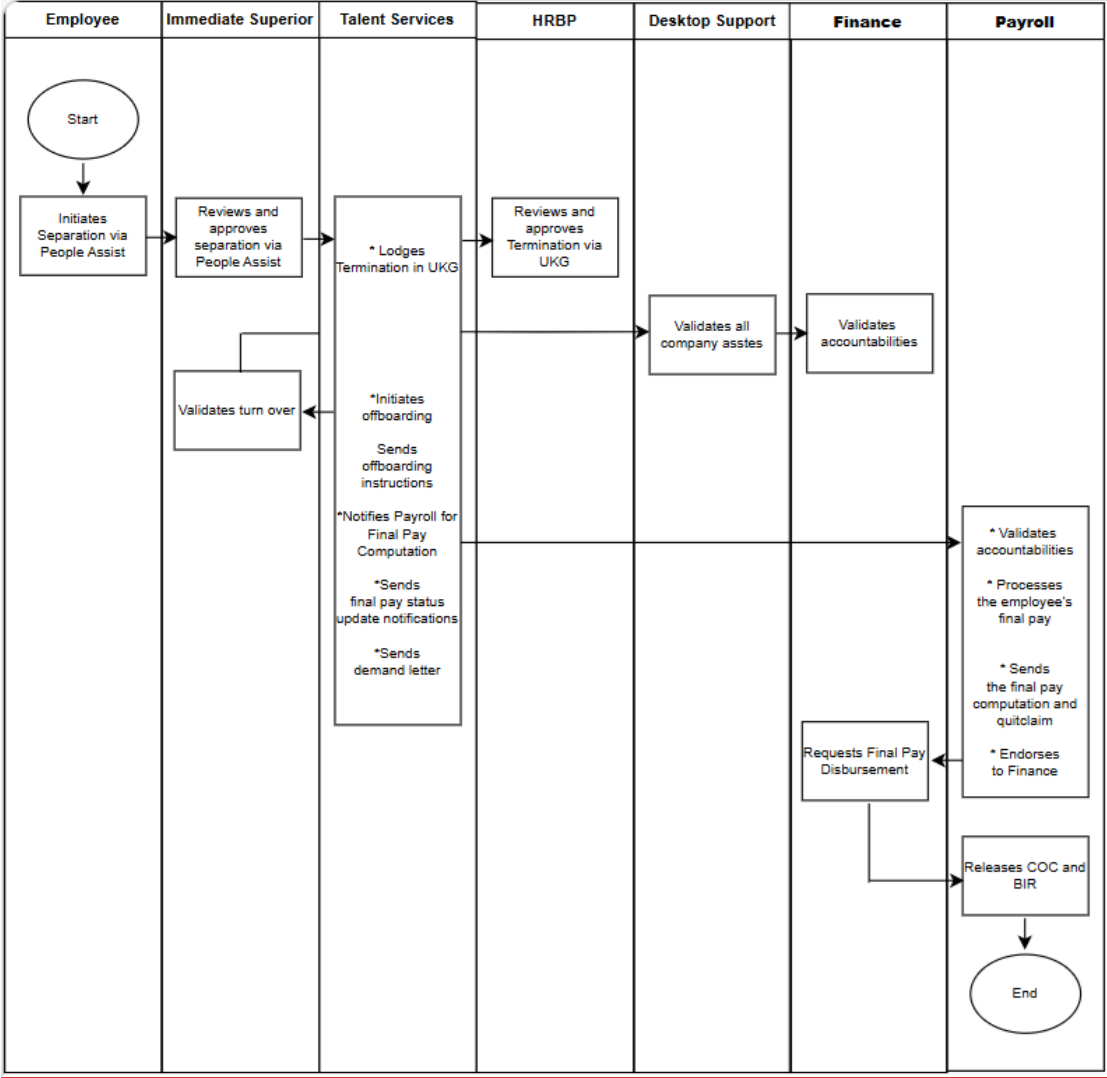

All employees requiring salary hold must be included in the tracker for endorsement to Payroll:
